

Civil and Commercial Mediation training in Johannesburg 22 – 26 October 2009

The Africa Centre for Dispute Settlement at University of Stellenbosch Business School hosted its first Civil and Commercial Mediation training course in Johannesburg. The response to the course in Johannesburg was overwhelming, but only 18 delegates could be accepted. The ACDS will certainly return to Johannesburg early in 2010 to train more delegates in becoming first class mediators for the growing demand in South Africa.

The trainers were Dr John Fletcher from ADRg (UK) and Prof Barney Jordaan (ACDS USB) who took up the challenge to ensure that their wealth of knowledge and experience was passed on to our new group of potential mediators.
